

Carnegie Learning, Inc.*In conjunction with the***Green River Regional Educational Cooperative***Announces***Making the Common Core Come Alive in the Middle School
Mathematics Classroom*****A Three-Day Middle School Mathematics Academy*****May 30 – June 1, 2012****Workshop #066-12**

Join math teachers and school instructional leaders from across the region to learn more about connecting the implementation of the Common Core Standards to your classroom instruction and how to take this work to the next level. In addition to leading and facilitating participant's learning throughout the Academy, Carnegie trainers will model teaching lessons aligned with common core standards. Participants should expect to be actively engaged throughout the Academy in expanding their personal "toolkits" of ideas and strategies that they can take back to their classrooms for immediate use including classroom-ready common core student tasks. Key goals for the three days will be to:

- Deepen understanding of how to move to a student-centered classroom and of how to weave the eight Standards for Mathematical Practice into your lessons
- Analyze exemplary researched-based versions of common-core tasks for rigor, application of the Standards of Mathematical Practice, and potential for higher levels of student engagement
- Build teacher capacity for developing their own student-centered tasks
- Share ideas and network with colleagues around "what worked" during the first year of the Common Core implementation
- Discuss and model best-practice instructional strategies to support the transition to the common core state standards
- Facilitate participants' reflections on their own current teaching practice and how to move to the next level

For:	Middle school mathematics teachers and coaches, special education teachers, curriculum specialists, principals, and other school administrators
Dates:	Wednesday, May 30, Thursday, May 31 and Friday, June 1, 2012
Location:	Green River Regional Educational Cooperative – 230 Technology Way - Bowling Green
Time:	8:30-3:30 (CDT) Registration and Continental Breakfast will begin at 8:00 a.m.
Cost:	\$300 per person - includes all materials, breakfast and snack (Lunch will be on your own)

EILA Credit will be available
